

CaipoWave

Battery	Lithium AA 3.6 V, 2.4 Ah
Battery durability	4 - 5 Years
Interfaces	4 x analog, 1 x digital
Max. number of sensors	5
Communication range	Up to 1km ¹
Radio Standard	IEEE 802.15.4 783/868/915 MHz
Interfaces	Weather Station CaipoBase, PC

¹ Communication range is given for a free line of sight. In case of obstacles, like plants, communication range may be shorter

Sensors supported by CaipoWave

Sensor	Quantity
Soil Moisture Z100	4 ²
EC5, 10HS, Decagon	4 ²
Any analog sensor with excitation voltage less than 3.3 V and current less than 7 ma	4 ²

² Total number of sensors cannot exceed 4
